PROFESSIONAL SUMMARY

Security-minded IT Support and Systems Analyst with hands-on experience keeping business software and ERP environments stable, secure, and efficient. I help companies *reduce downtime*, *cut avoidable IT costs*, and *protect revenue* by resolving incidents fast, preventing repeat issues through documentation, and improving user work-flows (Microsoft 365, Active Directory, endpoints, and core applications). Known for taking ownership, prioritizing what affects operations most, and delivering practical improvements that increase productivity, reliability, and customer service continuity.

CORE SKILLS

IT Support and Service Delivery: Incident and request handling, troubleshooting, and user onboarding; Microsoft 365 support, endpoint setup, and routine administration support; IT asset tracking, documentation, reporting, and process checklists

Systems and Applications: Business software support and user access administration; ERP support: troubleshooting, user guidance, and operational continuity support; Backups, basic maintenance checks, and change documentation

Networking and Infrastructure: Connectivity troubleshooting, LAN concepts, and routing and switching fundamentals; Structured problem solving and clear stakeholder communication

Cybersecurity: Access control hygiene, baseline hardening, and security awareness; Wireshark packet analysis and penetration testing fundamentals (Metasploit); Risk assessment, controls review, and compliance checklist documentation

Software and Digital: Web and mobile development fundamentals (Next.js, TypeScript, Flutter, React Native); Digital marketing execution (Canva, Meta Business Suite, Google Business Profile, basic ads)

TOOLS AND TECHNOLOGIES

Active Directory, Microsoft 365 / Office 365, Wireshark, Metasploit, Flutter (Dart), React Native, Next.js, TypeScript, Supabase, Canva, Meta Business Suite, Facebook Ads, Google Ads, Google Business Profile, ManageEngine, SysAid

PROFESSIONAL EXPERIENCE

System Analyst (Software and ERP Support Lead) | Printing and Publishing Company Botswana (PPCB)
Gaborone, Botswana | Mar 2023 to Mar 2025

- Owned day-to-day support and stability for business software and ERP systems, ensuring operational continuity across departments.
- Managed user support across hardware, software, and connectivity issues; resolved incidents and reduced repeat problems through documentation.
- Supported secure access and user workflows including onboarding, endpoint setup, user permissions support, and routine maintenance tasks.
- Maintained IT inventory and asset records; strengthened traceability through consistent tracking and reporting.
- Performed backups and basic system checks; recommended practical improvements to reduce downtime and improve reliability.

Digital Marketing Consultant (Part-time) | Independent Consulting
Botswana | 2023 to 2025

Express Copy Shop:

- Planned and executed service-focused content and promotional campaigns to improve brand visibility and drive customer enquiries.
- Optimized local presence by maintaining Google Business Profile information, posts, and service details to support discoverability and trust.
- Built content calendars and repeatable templates (Canva) to keep messaging consistent across Facebook and Instagram.

The Frame Gallery:

- Curated a premium visual content approach aligned to brand positioning; maintained consistency in tone, visuals, and offer communication.
- Provided practical recommendations on campaign timing, offer messaging, and customer engagement to improve conversion from views to enquiries.

Data Analyst (Short Contract) | Statistics Botswana
Molepolole, Botswana | Mar 2022 to Apr 2022

- Collected and captured data accurately in line with required standards and structured workflows.
- Supported field operations by resolving basic technical issues and preventing delays.
- Improved consistency and completeness through disciplined checks and daily reporting.

IT Technician | Shakinah Investments
Lobatse, Botswana | Mar 2020 to Jan 2022

- Installed and tested hardware components, set up workstations, and connected devices to local networks.
- Troubleshot software, hardware, and connectivity issues end-to-end; explained solutions clearly to users.
- Performed basic system monitoring and malware identification and removal when required.

IT Support (End-User Support Attachment) | Debswana Corporate Centre
Gaborone, Botswana | Jun 2019 to Jan 2020

- Supported user accounts and device administration using Active Directory; assisted onboarding for new employees.
- Assisted device migration to Microsoft 365 and handled daily IT support requests.
- Provided updates and reporting to the Data Services Helpdesk Lead to support tracking and visibility.

SELECTED PROJECTS

CarTaskers (Complete)
Tech: React Native; backend API services; secure evidence and verification workflow

- On-demand platform for car-related services with trust features such as verification, ratings, and job history.
- Designed scalable service categories, starting with high-demand services and expanding as the marketplace grows.
- Security-first approach for user actions, uploads, and verification flows.

Maridadi Wear Ecommerce Website (Complete)
Tech: Next.js, TypeScript, Supabase (database and authentication)

- Ecommerce website with product catalog, cart and checkout flow, and admin operations.
- Focus on clean UX, reliable admin workflows, and production deployment practices.

Police Response App (Prototype)
Tech: Flutter (Dart)

- Mobile app concept to reduce delayed response through structured emergency reporting and location sharing.

- Role-based views for citizens and responders; supports clearer dispatch information.

Cybersecurity Audit (Botium Toys)
Tech: Risk assessment and controls and compliance checklist documentation

- Assessed assets and scope, produced a risk assessment report, and completed a controls checklist to improve posture.

TO WHOM IT MAY CONCERN

I am pleased to provide this reference for Mbatshi Ntopo, who has served as an IT Technician at Printing and Publishing Company Botswana for 2 years. Throughout his tenure, Mbatshi has demonstrated exceptional technical expertise, professionalism, and a strong work ethic, making him a valuable asset to our organization.

Mbatshi played a pivotal role in maintaining and optimizing our IT infrastructure. His ability to diagnose and resolve hardware and software issues significantly improved system uptime and efficiency. His contributions to installing, configuring, and maintaining IT equipment, including printers, computers, and network devices, resulted in a **20% improvement in overall system performance**.

One of his most notable achievements was spearheading the **installation of new IT infrastructure**, which enhanced system response times by **25%**. His proactive approach to troubleshooting and system diagnostics helped **reduce average troubleshooting time by 30%**, ensuring minimal downtime for employees. Mbatshi also implemented a **user-friendly IT ticketing system**, streamlining internal technical support requests and improving response times.

Beyond his technical skills, Mbatshi possesses strong interpersonal and communication abilities, allowing him to effectively assist colleagues with IT-related challenges. He collaborates seamlessly with cross-functional teams and provides user training to enhance staff proficiency with IT systems. His ability to adapt to evolving technologies and his commitment to continuous learning make him an excellent fit for any IT environment.

I strongly recommend Mbatshi for any IT Technician role, as his skills, dedication, and problem-solving capabilities will undoubtedly be an asset to your team. Should you require any further information, please do not hesitate to contact me at **76212853**.

Sincerely,
Olebogeng Kgomari
